

With a humble beginning as a manager of a family physician clinic in 2007, I embarked on a path to provide billing services that cater to the unique needs of family doctors. Over the last 16 years, I've dedicated myself to mastering MOH billing codes, error codes, and RA codes, ensuring that the billing process runs seamlessly for our clients. Beyond that, I've made it my mission to share my knowledge with physicians, providing assistance and answers to their billing inquiries. As the healthcare landscape evolves, I remain committed to expanding my services to cater to various medical specialties, continuously updating my knowledge to offer comprehensive billing solutions.
